65 results.

The search results will be displayed below the drop-down filters. These can be downloaded as a CDE Detailed report:

- The search results below can be downloaded by clicking the checkboxes on the far-right side of the table. If all CDEs are needed, checking the box in the header row of the table will select all CDEs listed on the first page. (The default setting for the select all feature is set to select 25 rows. When more than 25 CDEs are returned in a search, a message will appear underneath the Header row of the search results asking the user if they would like to select all the returned results.)
